

# Basim Ibrahim | Cyber Security Engineer

+971 58 58 24764 | [cbasimc@gmail.com](mailto:cbasimc@gmail.com) | Dubai, United Arab Emirates | [linkedin.com/in/basimcibrahim](https://www.linkedin.com/in/basimcibrahim)

## Professional Summary

---

**Highly skilled Cyber Security Engineer with 5 years of experience in safeguarding digital assets.** Proven expertise in penetration testing, vulnerability assessment, and implementing robust security solutions. Certified in OSCP, CompTIA CYSA+, CompTIA Pentest+ and CEH, demonstrating a deep understanding of offensive and defensive security practices. Possessing hands-on experience with a diverse range of cyber security technologies, I am adept at identifying, mitigating, and responding to threats. Committed to staying at the forefront of the industry to protect organizations from evolving cyber risks.

## PROFESSIONAL EXPERIENCE

---

### Senior Presales & Technical Consultant | iConnect IT Business Solutions DMCC | Dubai, UAE | JAN 2022 - Present

- ❖ Proven track record in delivering expert cybersecurity presales consulting and technical presentations.
- ❖ Successfully presented and demonstrated PAM, EDR, XDR, and SIEM solutions, driving client adoption.
- ❖ Implemented and presented robust email security solutions, including DMARC, to mitigate phishing risks.
- ❖ Conducted technical workshops and POCs, showcasing the value of automated penetration testing tools.
- ❖ Articulated the benefits of compliance and GRC solutions simplifying client understanding.
- ❖ Presented and demonstrated data classification and DLP solutions, enhancing data protection strategies.
- ❖ Provided strategic presales guidance on endpoint privilege management (EPM) solutions.
- ❖ Conducted thorough needs assessments to tailor cybersecurity solutions to client requirements.
- ❖ Developed and delivered compelling presentations and RFP/RFI responses.
- ❖ Effectively communicated complex cybersecurity concepts to diverse audiences.
- ❖ Collaborated with sales and engineering teams to ensure successful solution delivery.
- ❖ Built strong relationships with clients, fostering trust and ensuring customer satisfaction.
- ❖ Demonstrated expertise in presenting and demonstrating **Microsoft Security suite of products**.

### Cyber Security Lead | iConnect IT Business Solutions DMCC | Dubai, UAE

- ❖ Led and managed multiple VAPT projects, ensuring successful delivery within defined timelines and budgets.
- ❖ Developed and implemented comprehensive security strategies and roadmaps aligned with organizational goals.
- ❖ Built and led high-performing cyber security teams, fostering a culture of innovation and continuous learning.
- ❖ Conducted risk assessments and developed mitigation plans to protect critical assets.
- ❖ Provided strategic guidance to senior management on cyber security initiatives and investments.
- ❖ Effectively communicated complex technical information to both technical and non-technical audiences.
- ❖ Built strong relationships with internal and external stakeholders to ensure alignment on security objectives.
- ❖ In-depth knowledge of industry-standard security frameworks and compliance standards
- ❖ Proficient in vulnerability assessment and penetration testing methodologies and tools.
- ❖ Strong understanding of cloud security architectures and best practices.

### Advisor - Cyber Security | iConnect IT Business Solutions DMCC | Dubai, UAE

- ❖ Successfully led the implementation of Security solutions enhancing data security and compliance.
- ❖ Conducted comprehensive security assessments to identify vulnerabilities and recommend remediation strategies.
- ❖ Implemented rights management solutions to safeguard sensitive information.
- ❖ Demonstrated expertise in securing cloud environments, ensuring data privacy and compliance.
- ❖ Provided strategic guidance on cybersecurity initiatives, aligning with business objectives.
- ❖ Conducted risk assessments to identify and prioritize threats and vulnerabilities.
- ❖ Developed and implemented effective security policies and procedures.
- ❖ Built strong relationships with clients and stakeholders to understand their security needs.
- ❖ Effectively communicated complex technical information to both technical and non-technical audiences.
- ❖ Collaborated with cross-functional teams to drive successful security projects.

## Information Security Consultant | qSEAP Infotech | Mumbai, India | JAN 2021

- ❖ Expert in vulnerability assessment, penetration testing, and application security.
- ❖ Strong focus on banking domain and security auditing.
- ❖ Proficient in source code review and risk assessment.
- ❖ Skilled in using penetration testing tools and scripting languages.
- ❖ Proficient in implementing and managing endpoint and server security solutions.
- ❖ Skilled in network security monitoring, threat detection, and incident response.
- ❖ Expertise in firewall administration, intrusion detection/prevention systems.
- ❖ Strong knowledge of network protocols, encryption, and VPN technologies.
- ❖ Ability to perform vulnerability assessments and risk assessments.

## Education and Certifications

---

- Post Graduate Diploma in **Artificial Intelligence and Machine Learning** | NIELIT INDIA | 2020
- Bachelor of **Cyber Forensic** | MG University | 2019
- Certified Ethical Hacker [CEH] | CompTIA **CySA+** | CompTIA **Pentest+**
- Offensive Security Certified Professional [OSCP]

## Solutions and Tools:

---

- **Email Security** : Mimecast , TDMARC, Proofpoint, DMARC Analyzer, Mail Hardner, Email Auth, Microsoft
- **Classification and DLP** : Forcepoint, Indefend, iTSMine, Safetica, Klassify, GetVisiblity, Microsoft Titus.
- **VAPT**: Nessus, Acunetix, Burp Suite, Pentera, Qualis, Invicti, Kali Linux, Rapid7, IBM APP Scan
- **Awareness Training & Phishing Campaign**: KnowBe4, Kaspersky ASAP , Human Firewall, Microsoft
- **Brand Protection** : RecordedFuture, RSecurity, CloudSek, Cyble
- **Third Party Risk Monitoring**: RiskRecon, Security Score Card, SpiderSilk,
- **PAM & IAM** : Get Visiblity, Arcon PAM and CI, BeyondTrust, Wallyx
- **Endpoint Security**: Sentinel One,Crowdstrike,Microsoft,Symantec, Trellix, Trend Micro
- **Patch Management** : ManageEngine, ConnectWise,Ningaone
- **EPM** : BeyondTrust, ManageEngine, Ivanti
- **GRC**: Securiti.ai , Microsoft Purview, Metric Stream

## Projects

---

- **MINI PROJECT: ADVANCED ANDROID REMOTE ACCESS AND RECOVERY TOOL.**  
Designed for preventing Android devices theft, coded using PHP, JAVA and VB.Net.
- **MAIN PROJECT: ADVANCED RADIO SIGNAL HIJACKING TOOL.**  
Designed to decode police radio frequencies and take over existing FM radio frequency and broadcast on them.
- **MAIN PROJECT: Gene Prediction using Machine Learning.**  
Predicting genes category and identifying the nativity and other characters.
- **MAIN PROJECT: Smart Police: Surveillance System using AI.**  
Smart Number Plate identification system, vehicle identification system, sleepy driver detection, helmet detection, crime prediction, facial recognition system.
- **MAIN PROJECT: Indian Census Analysis using R Programming.**  
Analyzing the different aspects of Indian Domain to get a better understanding about the areas that need Attention.
